

Family Interview:

Family name: Mrs. Lay Sarouen, Age: 49 (widow)

Children: 6, girl: 2 and 4 boys. One oldest daughter: 27 ages but she disable person. 3 sons are study at Kakot primary school.

Mrs. Lay Sarouen, she is a head of family; she broke from her husband about 6 years ago, she has 6 children, 4 boys and 2 girls. The oldest daughter is 27 year old, but she is a disable person, she can't walk, talk even the communication with people around, now she is just starting to learn to understand what people said. The oldest brother is 22 ages, his away from home for working, about 2 or 3 months, just comes back. The Second brother 16 years old, last year he finished his study at Kakot primary school, but he not continue to high school because the family situation is difficult, he has no feeling to study, then he decided to follow his oldest brother to go to work in order to help to generate more income.

The three youngest brothers 13 and 11 years old are study at Kakot primary school in grade 4. This family also has a child adoption; he is 11 years old his parent died since he was young age. Under take care by Mrs. Lay Sarouen, he also has a chance to go to school, he study in grade 2 at the Kakot primary school now.

As a 49 widow ages, Mrs. Lay Sarouen has a big responsible to the family, especially for supporting the 4 children in her hand every, She is a farmer, she grow the cassava and rice, because of lack of money all the work at farm she do by herself and get some support from her 3 small children every day before and after they go to school.

Every morning, Mrs. Sarouen has to wake up very early at 4am, she prepares the house, cooks, take a bath for her oldest daughter, prepare everything's before she leave to the farm. So she keep her disable daughter stay home alone, the three kids follow her to farm by walking... her farm far from the house about 2Km, The three kids has to run back to home to change the cloths and prepare to school. From their house to school about 1Km, So every day the 3 kids have to walk about 6km from home to farm and farm to school. Mrs. Sarouen always arrived home late in the evening because she has to prepare the cows and look after everything's ready at the farm before she leave to home.

Every day, the whole family expand are more than income, for herself she could not find any income beside base on the two oldest son are doing the work to support the family, a month 100usd which is not enough to support the family. So sometime she has to own some money from someone to buy a rice, medicine, food, support her 3 sons to school, from day to day the rate of money always increase... so make her too difficult, another things she base on collect cassava just have money to pay back to the owner. Sometime the cassava cheap, the money could not enough even to pay back the debt.

Sometime she thinks about going out for work but look at the disable daughter and the three small kids are studying at school, she can't do. So she has no choice just try continue to do her farm. Every day she has to spend on food 4\$, money for three kids to school 1\$, rice 100kg for a month, medicine because

her 13 years old son have problem with his heart (weak) , in a month sometime 2 times he has to see the doctor, once she spend about 15 to 20\$, their school material still continue to use the old things because no money to buy, sometime when their oldest send money, she can use some for school material if she think it's must important otherwise keep using the old one.

Next year Mrs. Sarouen plan to grow cashew to replace by cassava because she said it has good market then cassava. Currently she want to have one bicycle for her three sons, because she pity them in walking, if have bicycle they will also not lazy in going to school. Again their school material also lack, three of them use the bag, book, shoe and cloths switch to each other, sometime they cry cause not happy with this old things and switching like this. For her family, if she could help support on the rice to eat, it also can reduce her debt, for food is easy she can grow some vegetable by herself.
